

# Conference on Nuclear and Particle Physics

## NUPPAC Poster Format

---

Flyers of posters are to be 90x120 cm<sup>2</sup>, two pages maximum.

### Suggestions for poster format and submission

For the poster, we suggest having a parallel box at the page top containing conference heading followed by the paper content:

- Title, authors, addresses
- Introduction (scientific background, questions)
- Materials and methods
- Results
  - List of links to inline thumbnails with figure legends.
    - Fig.1 ....
    - Fig.2 ....
    - ...
- Conclusions
- Literature

**Data submission** can be by <mailto:comsanmn@hotmail.com>. Electronic copy of poster content is to be available on a CD. Figures should be in GIF or JPEG format, text can be html (preferred), plain text or MsWord. Final version of the poster to be submitted as pdf file.

Online poster submission can be done using [abstract submission form](#). These abstracts may contain links to image information, and are to be integrated into the Flybrain poster session after the meeting.
